

Fully automatic doors slide open and closed for easy access

Slim profile for a modern and sleek appearance

Available as a complete system, or in combination with a swing-style landing door

Finished in choice of paint or stainless steel

Savaria™ Automatic Slim Doors

ELEGANT AND AUTOMATIC

Add convenience and an elegant, modern appearance to your Savaria home elevator with Savaria automatic slim doors. With their innovative design, the sill between the landing floor and the elevator cab is kept compact. Finish the doors in a choice of powder coated paint, or upgraded stainless steel. You can even finish the inside and outside differently to match your décor.

Savaria™ Automatic Slim Doors

ELEGANT AND AUTOMATIC

- Fully automatic operation to open the doors upon arrival at the landing
- Landing door, cab door and sill are a narrow 4.5" deep (115 mm)
- Order as a complete door system, or couple an inner car door with a swing-style outer landing door to suit your home décor
- Asymmetrical closure design for space-saving installation and modern look
- Quiet, two-speed operation opens smoothly
- Lightweight and durable aluminum sill
- Emergency back-up battery system
- Infrared detection system to retract doors before hitting an obstruction (touch-free)
